## GENERAL INFORMATION:

Free-blown glass without the use of a form, literally reaches the limits of this size and weight. Unique in the world-wide scale, Bomma's Tim combines minimalistic design with the greatest examples of glassmaking mastery.

TIM is a single glass fixture, available in 3 sizes (Small, Medium, and Large) and variety of tasty finishes (including canopy finish options).

Lighting source - E26.

The Tim Collection is produced in two colors - clear and smoke. The smoke color is made by underlying colored glass technology. Thanks to the manual process of blowing underlay glass, each piece is an original. Individual products may vary slightly in intensity, hue or even color. This is an accompanying characteristic of the traditional underlay glass technology.

## FINISHING (FITTING COLOR):

Black fitting, Brushed copper fitting, Silver fitting, Black fitting

## FINISHING (MOUNTING):

Silver (polished stainless steel), brushed copper (brushed copper), black (stainless steel with black powder coating)
