GENERAL INFORMATION:

The Cerchio Lighting Intrigo has an extraordinary lamp body that consists of bent metal tubes that seem to be intertwined. With the hand-blown glass diffusers attached to the tubes, the Intrigo breaks with the common design of a ceiling light. Its intentionally asymmetrical appearance is underlined by the seemingly random positioning of the diffusers along the metal tubes. The Marchetti Intrigo supplies pleasant ambient light. To do so, the ceiling light must be equipped with four E12 illuminants of your choice. You may for instance use classic halogen lamps or energy-efficient LED lamps. Thanks to the satin-finished diffusers, the Intrigo provides for particularly harmonious lighting, which is ideally suited for lighting a living room or a bedroom.

MATERIAL:

Metal

FINISHING (BODY AND CANOPY):

Satin Gold, White, Black

LIGHTING:

4 x E12
