GENERAL INFORMATION:

The six seemingly wildly overlapping triangles of different sizes are cleverly arranged in such a way that the Miles pendant light creates wonderfully uniform room light characterised by fine light and shadow effects.

The Miles pendant light thus assumes the role of balanced room lighting. For instance in the living room, where its harmonious ambient light not only ensures clear visibility, but also creates a pleasant ambience.

FINISHING:

White, Gold leaf, Silver leaf, White-gold paint, Black-gold paint, Black

MATERIAL:

Metal
